

BK Basket Fan

Type BK Basket Fans feature coated steel wire guards. Each BK fan comes with a rafter hanging kit designed to easily mount to a “2-by” wooden beam or up to 2-1/8” metal tubing as standard. The standard mounting kit features 2-axis pivot adjustment to allow for precise vertical and horizontal orientation. Wall and ceiling mounting brackets, as well as chain kits, are also available to install the fans virtually anywhere in the building.

Model	Fan Size	Motor HP	Voltage	Fan RPM	CFM
BK18B11	18	1/15	115	1,075	2,310
BK18G11	18	1/4	115	1,125	3,130
BK20B11	20	1/15	115	1,075	2,960
BK20G11	20	1/4	115	1,125	3,880
